

Biography

Stan Cameron

Stan Cameron started his 9th year in office as trustee for Caledon on Dec. 3, 2018. As a Caledon resident for over the past 40 years, Stan has a long-standing interest in serving his community as trustee. His priority is to help families in need of assistance seeking information and answers to their questions about schools, programs, access and student concerns.

Stan recently retired from teaching psychology at Centennial College for more than 37 years. Prior to teaching, he worked with young and adult offenders in institutional care. Stan has a deep interest in education—not just as someone who taught at a post-secondary institution—but as someone who believes education opens doors for success. Stan believes that “education changes lives.” He cares about students and their education, and is passionate about working with community members and school staff to help students reach their goals. As an amateur magician, Stan used magic in each of the classes he taught at Centennial. He used it as an educational tool to encourage students to ask more questions, watch more closely and focus more deeply.

He brings this same magical spirit to everything he does. Stan was a volunteer coach for minor hockey in Bolton for 12 years. He is proud to see so many of those young boys from his hockey teams who are now fathers with children in Peel District School Board schools today. Stan holds a bachelor of arts degree in psychology and a master’s degree in education.

From his work at Centennial College, he has received the Board of Governor’s Award of Excellence for contributions as a distinguished employee. He’s also the recipient of the George Wicken Memorial Teaching Excellence Award. Stan is a proud recipient of an Award of Excellence from the Peel board for his contributions to public education.

Stan enjoys staying active and has completed five full marathons. Today he walks to reach his goal of a minimum of 10,500 steps every day. He shares this active lifestyle with his wife and their two daughters. Stan enjoyed volunteering for four years as an in-school mentor with Big Brothers/Big Sisters of Peel. Stan has been a volunteer driver for Caledon’s community safety Home James program since its inception over 10 years ago. He is in his fifth year as a volunteer resident support worker at Bethell Hospice in Caledon’s village of Inglewood.
