9. Delegation of Henryk Glogowski re School Bus Cancellations Due to Weather

Delegating from speaking notes which were provided to the Board, Henryk Glogowski requested the Board to conduct a study on why school buses cannot be operated in marginal road conditions due to snow and ice accumulation. He also requested that solutions be found to satisfy safety concerns regarding bus operations in such road conditions, and proposed that school buses are run when schools are open.

(Continued overleaf)

**9. Delegation of Henryk Glogowski re School Bus Cancellations Due to Weather
(Continued)**

Henryk Glogowski voiced his concern that, when buses are cancelled but school is open, no new learning takes place as the number of students absent is too high to justify the teacher introducing new material. He expressed the opinion that the situation is unacceptable to parents, teachers, and students who want to learn. He commented that driving on moderately marginal conditions is not unnecessarily unsafe, but that the school bus operators who cancel buses do so because their drivers are not experienced to drive in such conditions. Henryk Glogowski asked that the study include a review of weather standards as it applies to bus operations, driver training standards and operation of school buses in Northern Ontario school boards. He also asked that the bus operators' contract and their insurance liability claims be reviewed. Chair McDougald stated that a response will be brought to the next Regular Meeting of the Board.

10. Delegation of Sanaeya Panthaky re Religious Accommodation

Sanaeya Panthaky delegated the Board to express her concerns regarding the Religious Accommodation operating procedure. Her speaking notes were provided to the administration. She remarked that educators and schools responsible for the holistic development of impressionable children should ensure that religion, which differs among cultures, should be strictly kept out of the academic environment.

Sanaeya Panthaky commented that Friday prayer in school exposes other minor students to unsolicited religious rituals, and she requested clarification as to whether the accommodation conflicts with other students' rights under the Human Rights Code. Speaking of faith clubs in schools, she asked whether the administration understands the implications of permitting several faith clubs and religious rituals in schools, taking into consideration the increased influx of immigrants into the GTA belonging to various religions. Sanaeya Panthaky expressed the opinions that responses from the Peel DSB on this matter confirm that due diligence was not done in evaluating the impact of accommodations on the other students, and that meetings held by invitation only, excluded those not in favour of religious accommodations. She asked the Board to conduct a thorough assessment and communicate findings to parents as early as possible. Sanaeya Panthaky spoke of incidences over religious issues, and supervision of Friday prayers by parent volunteers. In conclusion, she asked that the religious sermons and literature of faith clubs be treated as school records, and be made available to the public. She requested that a communication be sent to every parent on the current operating procedure on religious accommodation and steps that will be taken to avoid any disturbance. A response to the delegation will be brought to the next Regular Meeting of the Board.

14. Response to Delegation of Martin Kloc re French Immersion (FI) Boundary

A trustee recalled that the boundary change referred to in Martin Kloc's delegation was created approximately three years ago and has affected a number of families, by separating siblings across schools, busing, daycare, etc. Noting that the French Immersion review is being undertaken, he suggested that, especially for elementary-aged children, the focus be on uniting families, and a family friendly approach will be to permit younger siblings to enroll in Grade 1 FI if an older child is enrolled in FI. Chair McDougald reported that the response to the delegation contains the options available to Martin Kloc to alleviate some of the problems. She stated that the boundary change was made because of accommodation pressures at Whiteoaks Public School, and an exception to the boundary at this time is unfair considering the numerous requests received.

14. Response to Delegation of Martin Kloc re French Immersion (FI) Boundary (Continued)

Resolution No. 17-82 moved by Harkirat Singh
seconded by Rick Williams

Resolved, that the response to the delegation of Martin Kloc re French Immersion Boundary (Regular Meeting of the Board, February 14, 2017), be received.

15. Final Staff Report – Pupil Accommodation Review (PAR) of Alloa, Alton, Belfountain, Caledon Central and Credit View Public Schools

Controller of Planning and Accommodation Support Services, Randy Wright, advised that the receipt by the Board of the Final Staff Report on the PAR of Alloa, Alton, Belfountain, Caledon Central and Credit View Public Schools is the third step in the five step process of the accommodation review. He noted that the initial staff report was received by the Board at its December 12, 2016 meeting. This was then presented to the public at a meeting held on February 6, 2017, at which questions and constructive comments were received. Controller Wright highlighted three significant changes made in today's final staff report: implementation date moved forward one year to 2017-2018; Grade K-6 students from Credit View Public School be redirected together to Belfountain Public School; direct students in Grades 7-8 from the Credit View Public School catchment to Alloa Public School. He stated that public delegations on the recommendations will be accepted at the March 22, 2017 Regular Meeting of the Board, and the final staff recommendations will be brought for approval to the April 12, 2017 meeting. Controller Wright thanked Trustee Cameron, Superintendent of Education, Michael Logue, principals and support staff of Alloa, Alton, Belfountain, Caledon Central and Credit View Public Schools, and community members who attended the public meeting at Belfountain Public School.

Commenting that a PAR is a difficult process notwithstanding school size, Trustee Cameron thanked the administration and the community for their efforts. In response to several questions of clarification from the trustee, Superintendent Logue confirmed that students' access to programs and quality of programs will most likely improve with the recommendations. He confirmed that, in response to requests from parents, the recommendations include that current Grade 5 students at Belfountain Public School affected by the boundary change be allowed to stay at the school for Grade 6, and their siblings also be allowed to remain at the school for the 2017-2018 school year. Superintendent Logue reported on bus ride times, and explained that the affected teachers will continue to be employed by the Board, either at Belfountain Public School or at another school. Controller Wright confirmed that the Board has no plans regarding the use of the facility and property at Credit View Public School.

Resolution No. 17-83 moved by Stan Cameron
seconded by David Green

Resolved, that the Final Staff Report – Modified Pupil Accommodation Review (PAR) of Alloa, Alton, Belfountain, Caledon Central and Credit View Public Schools, be received.

22. Comments or Questions from Board Members

Trustee Singh referred to faith groups in schools, and asked about the measures in place to protect students from activities and attempts to propagate religion in schools. Director of Education, Tony Pontes indicated that principals report that this has not been an issue. Regulation 298 of the Education Act prohibits any indoctrination of religion, and the Board's operating procedures reinforce this prohibition. Trustee Singh asked about supervision of Friday prayer, and Director Pontes clarified that staff volunteer to supervise the activity, and any Peel employee at the school may volunteer, including teachers and lunchroom supervisors.
