She inquired whether letters of appreciation are sent to the associations. Chair McDougald confirmed that letters are sent out.

Referring to Item 6.4, Chair McDougald stated that at a meeting with Minister of Education, Liz Sandals, the Minister agreed that the funding formula was outdated and has asked Director of Education, Tony Pontes, and staff to look for solutions. The letter was sent to the Minister highlighting unfair funding for Peel DSB's Special Education students and High Needs amounts, and suggestions were made for a fair funding model.

A trustee referred to Item 6.5, letter from the Chair to the President of OPSBA, noting that the Board's position is to continue to support local bargaining rather than central bargaining. He expressed concerns regarding funding for central bargaining, reducing the rights and abilities of trustees and school boards, and the inability to opt out of OPSBA. Chair McDougald agreed that the Board prefers local bargaining and clarified that the letter expresses concern regarding lack of assurance for full funding of issues related to negotiation. She recalled that the new Minister of Education has agreed that the process needs to be changed and that school boards should have input into negotiations. Trustee Green, who represents the Board at OPSBA clarified that it was agreed that Board staff will be present at the negotiating table and there will be local bargaining. **9. Delegation by Harmanpreet Gill re the Proposed Boundary Changes for Carberry, Springdale and Fernforest Public Schools**

Harmanpreet Gill, who has two children at Carberry Public School, delegated the Board on behalf of Mandeep Gill. She spoke about a letter received in September 2013 regarding the redirection of students from Carberry Public School to the new Ross Drive Public School which is located far from her residence. Using PowerPoint slides and maps of the area, Harmanpreet Gill noted the proposal to designate Carberry Public School as a new French Immersion school resulting in current English curriculum students moving from Carberry Public School to the new school at Ross Drive. Harmanpreet Gill expressed concern regarding emotional attachment of students to their current school, transportation, safety of walking routes in the busy Dixie Road area, and stress caused by disruption of babysitting and carpooling arrangements. She explained that she chose a house within walking distance of the school, where her children have been since Kindergarten, and mentioned that parents have been regularly contributing to fundraising events at Carberry Public School. Harmanpreet Gill stated that the community did not receive prior notification of this change and parents were not consulted. She noted that the majority of the students at Carberry Public School are in the English program and walk to school. She requested that the Board reconsider the decision.

Randy Wright, Controller of Planning and Accommodation Support Services, responded to queries from Chair McDougald, with regard to the new school being located within the boundary of Carberry Public School, the plan to change Carberry Public School to single track French Immersion, and have Ross Drive Public School as a regular school. Chair McDougald explained that this is a growing neighbourhood and the Planning department has carefully considered boundary changes, new schools, portables, busing, etc. She noted that as per process there was a letter sent to parents as well as an information meeting. Chair McDougald advised that staff have taken note of suggestions, comments and requests which will be considered and a response to the delegation will be provided at the next Regular Meeting of the Board, on November 26, 2013.

**10. Delegation by Amita Sambhi re the Proposed Boundary Change for the French Immersion Program at David Suzuki Secondary School**

Amita Sambhi, a William Gage Middle School student, delegated the Board regarding notification of the proposed boundary change for the French Immersion (FI) program at David Suzuki Secondary School. She noted that the school's website indicates that the FI program will be available to all grades by the 2014-2015 school year. She stated that her family moved in close proximity of David Suzuki Secondary School and enrolled her and her sibling in the FI program but they have now been notified that the program will be discontinued next year and she will be required to discontinue the FI program if she wishes to remain at David Suzuki Secondary School, or move to a FI school, a considerable distance away from her house. Amita Sambhi expressed the opinion that David Suzuki Secondary School is over-enrolled because students living outside the school boundary are being enrolled. She indicated that there are other schools in the area that offer the English program. She appealed to the Board to reconsider its decision and continue the FI program at David Suzuki Secondary School.

**10. Delegation by Amita Sambhi re the Proposed Boundary Change for the French Immersion Program at David Suzuki Secondary School (Continued)**

A trustee recalled that, last year, when it was proposed to move the FI program to Brampton Centennial Secondary School because of overcrowding at David Suzuki Secondary School, William Gage Middle School FI students had requested at an information meeting, to extend the program for just one more year and it was granted. He explained that the FI program is not being discontinued, but it is being moved from David Suzuki Secondary School to Brampton Centennial Secondary School. He noted that a year ago the Board passed a motion proposing this change and that the information on the David Suzuki Secondary School website will be corrected. Another trustee inquired whether there was any evidence of fraudulent addresses. Chair McDougald stated that the school board does its best to enroll students only from within the school boundaries.
